»»» BOURNE SENIORS HOUSING FUND VI \$50,000

Q_ Update. Three properties are performing well with strong cash flow. Spring Village at Stratford had record monthly highs with a 26% NOI margin and generated \$174K in cash flow with occupancy at 76.3%. Spring Village at Summerhill surpassed projections with 81% occupancy and \$102K in cash flow, indicative of better expense control and significant upside to capture once occupancy is stabilized. Westhill Newnan Crossing continues to have stronger and stronger quarters, achieving 93.5% occupancy and \$198K in cash flow with a 32.4% NOI margin. Bella Vista Senior Living is currently cash flow negative, with a shortfall of -\$216K, but is working on improving occupancy at 68.8%. Meanwhile, Bella Mar & Ocean Vista are awaiting a buyer. Buyers are bidding conservatively due to high interest rates and BFG is unwilling to accept a low offer.

MH VENTURES FUND II (INLAND) <<< \$50,000

Q_ Update. MH Ventures Fund II, Inc. delivered strong Q_ results with 97% occupancy for manufactured housing, 61.3% for RV lots, and 61.4% for RV storage, collecting 99.8% of rents. Rent increases ranging from 2.6% to 8.2% went into effect at two properties, and in the second quarter of 202_, the rent increases ranging from 3% to 9.7% will go into effect at seven properties. Same-store NOI has increased by 10.7% year-to-date, primarily as a result of these rent increases. The Business Manager has implemented a number of value-add operational projects across the portfolio including upgraded amenities, landscaping, and security. Phase 2 of the Infill Plan added 39 new homes, projected to create \$4–6 million in value. Homes are expected to be ready for occupancy by early 202_. Minimal damage from Hurricane Milton, estimated at \$60,000, was quickly addressed. The Fund remains well-positioned with ongoing upgrades and a forward NOI yield of 4.46%.

>>> LEITBOX SELF STORAGE FUND II

\$50,000

Q_ Update. As of _____, 202_, Fund II has completed ten investments, including four developments (two in lease-up and two under construction) and six value-add acquisitions. A key milestone is the Sanford, FL facility, which opened with 7.8% occupancy after receiving its certificate of occupancy. The Charlottesville, VA project is set to finish in Q_ 202_. Fund II has reviewed over 100 deals in 202_, focusing on stabilized assets, lease-ups, value-adds, and new builds. With two acquisitions expected to close in late 202_, the fund is also planning dispositions in Q_ 202_-Q_ 202_ to maximize investor returns, despite high interest rates impacting valuations.

CREW INCOME FUND II (VERSITY) <<<

\$50,000

Q_ Update. "Income Fund II is still paused in order to fund tax and insurance shortfalls within our portfolio. However, distributions will be turned on before the end of the year... While clients are not getting their monthly income, the held-back distributions are accruing and will be paid back after distributions are resumed. It will likely be a lump sum at some point in the near future, either when distributions resume, or in the form of a 13th distribution at the end of the year, but rest assured, investors will see the monies from this paused period." - Investment Management

>>> SOVEREIGN DISTRESSED FUND III

\$50,000

Q_ Update. Sovereign Distressed Fund III saw strong leasing momentum in Q_ 202_ across its portfolio. At Two Pierce Place, occupancy remains at 79%, with a quarterly Debt Service Coverage Ratio (DSCR) of 6.16x, supported by stable cash flow and strong preferred return coverage of 6.19x. San Felipe Plaza benefited from completed amenities, signing 40K SF of new leases and negotiating another 40K SF, with a quarterly DSCR of 2.86x. Tower 56 reached 90% occupancy, driven by its spec suite program and completed renovations, though preferred return coverage remains low at 0.04x. At 100 Fifth Avenue, occupancy is 95%, with ongoing lobby upgrades targeting Q_ 202_ completion and preferred return coverage at 0.99x. Quarterly distributions have continued into the start of 202_ as the early asset investments have outperformed expectations and have begun cash flowing at a pace to provide quarterly distributions.

MCI PREFERRED INCOME FUND IV <<<

\$50,000

Q_ Update. Megatel is thriving despite high interest rates, driven by its unique Lagoon communities that attract strong buyer interest. At AnaCapri, Phase 1 has closed 179 of 458 lots, and Phase 2 is under construction with completion expected in Q_ 202_. Significant progress includes construction of the clubhouse, featuring luxury amenities like restaurants, bowling alleys, and a surf simulator. Venetian, the flagship lagoon community, has entered Phase 2 with 30% of lots presold and groundbreaking underway. The recently approved Bahamas development in Royse City will add nearly 3,000 homes and is breaking ground this quarter. The completed Huntington Villas community in Allen, TX, has successfully closed out, with all loans fully repaid.

Favorable market conditions—limited home inventory, Megatel's competitive in-house mortgage rates, and a Texas housing shortage—boost demand not only for new homes, but even more so for Megatel due to their unique Lagoon communities. The fund remains stable, offering an 8% fixed return while financing Lagoon developments.
